REAL ROSE BARGAINS

2-Year Field-Grown

ROSES **33c** In Lots
of 10

I am offering some of the best varieties. Every bush will thrive and bloom this summer if the special rose instructions, which we send, are complied with. The Climbers, however, make their blooming wood the first summer and flower the next.

Prices the same on all roses on this page; pick them out. Plant as many as you can now while you can buy the best at near wholesale. Every bush labelled and guaranteed true to name. **Any Rose listed, 43c each; 3 for \$1.19; 10 for \$3.30.**

EVERBLOOMING HYBRID TEA ROSES

Souvenir de Claudius Pernet. World's finest yellow rose, unfading shades of canary and gold.

Briarcliffe. A lovely flower, soft rose-pink.

Golden Ophelia. Intense yellow, healthy grower, blooms in all weather.

Los Angeles. Flaming pink, rich shades of gold.

Killarney Brilliant. An improved Killarney, deep pink.

Sunburst. Rich yellow-shaded orange, cup-shaped.

HARDY HYBRID PERPETUAL ROSES

Frau Karl Druschki. Large beautiful pure white.

Bush, American Beauty. The perfect crimson rose. Profuse bloomer.

Magna Charta. Large, bright rose color, fragrant. A strong grower.

Paul Neyron. Deep rose, large as a peony.

HARDY CLIMBING ROSES

Paul's Scarlet. Large semi-double intense scarlet, a fast grower and will not fade.

Climbing American Beauty. Most charming rose, beautiful leaves, grows 10 feet in one season. Pictured at top of page.

Dr. Van Fleet. Large double, pink and rosy-flesh. 4 inches across.

Blue Rose (Veilchenblau). Much advertised blue rose. It opens a beautiful rosy-purple, changing to steel blue.

HARDY RUGOSA, The Eskimo Beauties

This type of roses will endure the coldest winter without protection.

Grootendorst. Bright red clusters, everblooming.

Conrad F. Meyer. The beauty of a tea rose. Pink. Six feet high.

Mrs. Waterer. The new crimson Rugosa. Large, double rose.

Moss Rose (Henri Martin). Red. Very beautiful moss rose.

Yellow Hugonis (Golden Rose of China). Blooms in May.

INTRODUCTORY

Never before were we able to offer such excellent stock of all kinds at such low prices as we are this spring.

We are very careful about packing to make sure that no part of your order is left out. We try to pack everything so that it will reach our customer in good shape. We have a special way of our own of packing strawberry plants and perennials and have received many letters reporting "Everything arrived in perfect condition."

When you receive your order, please check it over carefully to see that everything is correct.

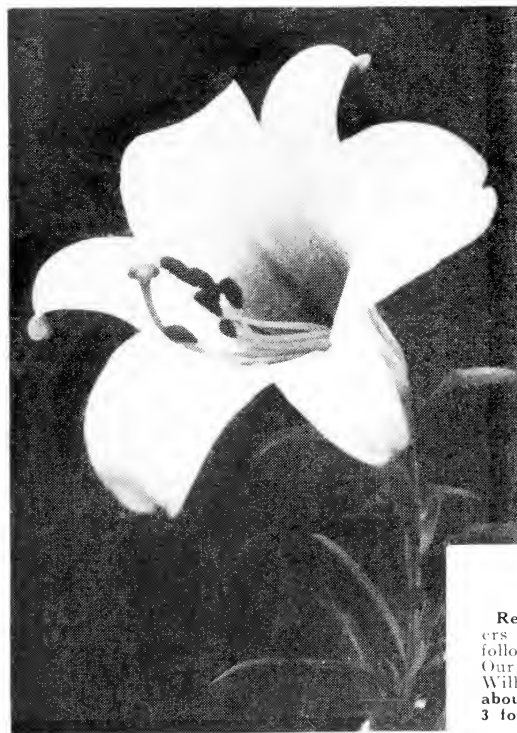

Keep the shipping tag, as we make a record of your order on the back of it, in case you should write to us about the shipment, please enclose the tag with your letter.

The prices quoted in this book include packing costs but not transportation. This may be paid to your expressman or postman when the shipment is delivered.

FREE PRUNING KNIFE

We Give a Free Pruning Knife With a \$5 Order

We again offer this practical and useful pocket pruning knife free with an order of five or over. We find this knife very handy for many uses and believe our customers will be pleased to receive it.

REGAL LILIES

JUMBO BULBS 33c
7 in. circumference
3 for 95c each

SPECIAL

4 Inch Bulbs Blooming Size
18c each; 7 for 97c

Regal Lilies grow to perfection in your garden. May be left in the ground during winter. Growing larger and better every year. Ivory-white with canary yellow throat, delicate pink on outside. Sweet perfume fills the air all over the neighborhood when in full bloom. Many gardens have been deprived of these charming flowers in the past because of the high price of the bulbs, but I am now able to supply them at a price that all may afford. **Price — blooming size bulbs.** Medium 3 to 4 in. circumference, 18c each; 7 for 97c. Jumbo size 6 to 7 in. circumference, 33c each; 3 for 95c.

Regal Lily Seed These lovely flowers are easily grown from seed by following our reliable instructions. Our seeds are from choicest blooms. Will bloom the second year. **Packet, about 100 seeds with instructions, 10c; 3 for 25c.**

SPRING BULBS FOR SUMMER FLOWERS

Any of these bulbs may be kept from season to season, therefore they are a good investment.

MONTBRETIAS

Mixed Montbretias are easily grown from our strong bulbs. The flowers grow on graceful stems about a foot high. The bright colors, yellow, orange, salmon and scarlet, add cheerfulness and beauty to your garden. Also desirable as potted plants.

The bulbs are quite hardy and may be planted in the garden very early in the spring in a warm, sunny location. After they begin blooming they should be kept moist to insure prolific blossoming, as many as 20 blooms 2 inches across produced on a single spike.

Protect during winter with thick cover of leaves or other litter; they will appear early every spring for years.

Mixed Bulbs, 3 for 37c; 12 for 97c; 25 for \$1.87.

Montbretias

TIGRIDIA (Shell Flower of Mexico)

Few flowers are so gorgeously colored and beautiful. Erect spikes 18 inches high. Bright yellow, crimson and orange flowers from middle of July till September. Bulbs are planted and handled same as Gladiolus.

Mixed, 23c each; 5 for 97c.

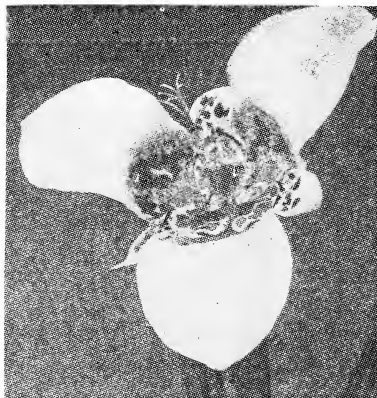

Tube Rose

TUBE ROSES

Excelsior Pearl. This is the finest double Tube Rose, one of the most beautiful of the summer flowering bulbs. Spikes frequently 20 to 30 very double fragrant flowers. Wax-like and pure white.

10c each; One Dozen for 79c.

HARDY LILIES

GOLD BAND LILY (Japanese)

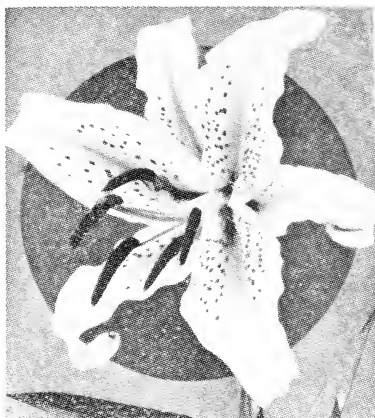

Has been called the Queen of Lilies. Its beauty and charms cannot be described nor pictured. The Regal is its only rival.

The flowers are immense, almost a foot across, each petal thickly studded with crimson spots, with a wide gold band down the center.

Blooms just after the last of the Regal, lasting into September.

Fine effects obtained by planting six or more in groups or when planted amongst peonies and iris, making a majestic appearance amongst the foliage of these plants. Perfectly hardy, will last many years, improving with age.

Our bulbs are worth 50c but we are making a bargain price. **35c each; 3 for 97c; 12 for \$3.47.**

Auratum (Gold Banded Lily)

LILIUM TIGRINUM (Tiger Lily)

Another old favorite from Grandma's garden. Large, brilliant, orange colored lily, spotted with black. **23c each; 5 for 97c.**

WHITE DAY LILY (Grandiflora)

Large, white, wax-like blooms, are delightfully fragrant, bloom late in July. The broad, massive foliage makes them an attractive plant for the border, even when not in bloom. Very hardy and among the easiest to grow. **35c each; 3 for 97c.**

Day Lily

RED LILY (Elegans)

For a bright display of rich color, there are few flowers that equal this Red Lily. About 2 feet high, blooming in June and July, very hardy, can always be depended upon to add cheer and gaiety to your garden, year after year. Our bulbs are large, two years old. Will bloom this summer. **37c each; 3 for 97c.**

LILY OF THE VALLEY

Everyone loves these sweet-scented, modest, little white flowers, and they are so easy to have that everyone who has a little space of ground in some out of the way corner should plant a bed. They will thrive in deep shade or in partly shaded locations. Our pips, if planted in the open ground in the spring, will bloom in about eight weeks. **6 for 25c; 30 for \$1.00.**

Lily of the Valley

15 DAHLIAS—MIXED COLORS— 90c

Bouquet of Mixed Dahlias

This collection of mixed Dahlias contains some very choice and beautiful varieties. We are proud of our Dahlias, and know that our customers will appreciate this BARGAIN, and get much enjoyment in watching the buds unfold into large, gorgeously colored blooms, which will last till frost, then they should be carefully dug and saved, as they will be worth many times first cost.

SPECIAL

15 for 90c 30 for \$1. 69

TUBEROUS ROOTED BEGONIAS

Unexcelled for summer bedding, also for pots and porch boxes, one of the few plants that thrive in shade.

Large, bright colored flowers, 2 to 4 inches across. Outdoor beds should be kept moist. Double flowers, fluted and fringed. Earlier blooms produced by planting bulbs in pots early in spring, planting outdoors when weather gets warm.

Bulbs should be dug in fall and stored in cellar. Colors—red, white, pink, yellow and salmon, mixed. 29c each; 4 for 97c.

Tuberous Rooted Begonia

ELEPHANT'S EAR CALADIUM

A wonderful plant for giving a tropical effect to garden or lawn. If planted in rich soil and kept watered, it will grow leaves 3 feet long. Very ornamental. Dig your bulbs after frost keep in cellar to plant next year.

Large Bulbs, 8 inches circumference—18c each; 7 for 95c.

THREE BEST CANNAS 37c

GOOD DORMANT BULBS

3 Bulbs, One of Each Variety, 37c

1 Doz. Bulbs for \$1.39

President—Rich glowing RED flowers 7 inches across, bearing 10 to 15 to a head. The best bright red Canna.

Hungarian—PINK. A magnificent Canna. Flowers resemble a large Paul Neyron rose. The finest Pink Canna grown.

Yellow King Humbert—A stately Canna with rich yellow blooms, striped with red.

Potted Cannas, 3-inch pots—
33c each; 3 for 95c

L. C. Casler, Paw Paw, Michigan

BLEEDING HEART

It gets its name from its curious shaped flowers which resemble a red heart with a drop of blood below. The stems grow 2 feet long; a very popular plant. Its leaves are dainty and fern-like. The Bleeding Heart is an old-fashioned flower in great demand at the present time. Easy to grow. Will last for years. Our large field grown roots have 5 or more eyes. Will bloom this summer. **48c each; 3 for \$1.39.**

DWARF EVER-BLOOMING BLEEDING HEART

For the rock garden. Fine fern-like foliage. Dainty rose colored flowers constantly in bloom. Nice for window box or rock garden. Thrives either in the sun or shade. **37c each; 3 for 95c.**

14 IRIS FOR 97c

Mother of Pearl. One of the best, large flowers on a 3 foot stem. Lovely pearl tints of delicate blue, pink and mauve.

Usually sold at one dollar; our Price, 23c each; 5 for 97c.

Princess Beatrice. Fragrant, large, lavender and blue. Very tall. Immense, tropical-like foliage, very ornamental even when not in bloom. Continues in bloom after common varieties have faded.

23c; 5 for 97c.

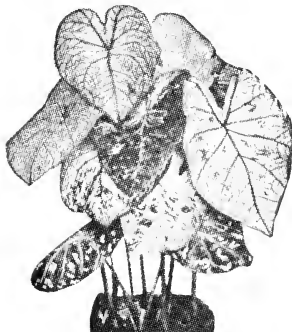

SPECIAL BARGAIN. Mixed Iris, 14 for 97c. This mixture is made up of some beauties. At least six varieties unlabelled, besides 1 Mother of Pearl and 1 Princess Beatrice, these two labelled.

These 14 Iris worth twice our price, 97c.

FANCY LEAVED CALADIUM

No other foliage plant equals these for gorgeous colors. Will thrive either in pots or out in the garden, fine for bedding in partially shaded places. The large heart-shaped leaves are veined and mottled in many rich and beautiful colors, attracting the attention and admiration of all who visit your garden.

Select bulbs, mixed colors, 35c; 3 for 97c.

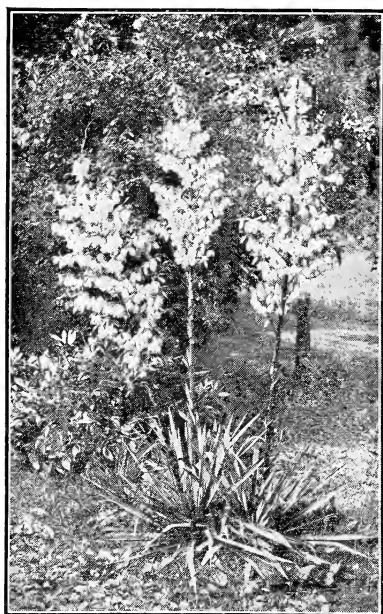

Fancy Leaved Caladium

L. C. Casler, Paw Paw, Michigan

CHOICE HARDY PERENNIALS

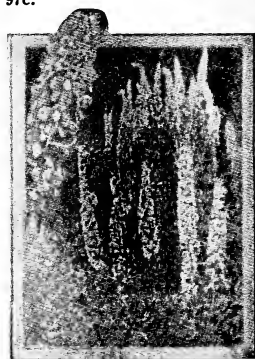

Special Bargain Price on Most Varieties

Yucca Filamentosa

DELPHINIUM (Hardy Larkspur)

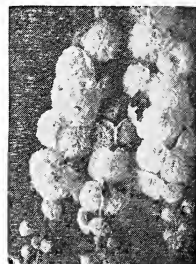

Beyond question the queen of all blue flowers. One of the highest priced cut flowers. I am offering here the tall English Hybrids, one of the finest strains grown, in a wide range of colors of deep blue, sky blue and indigo, borne on spikes from 4 to 6 feet tall. These stately flowers cost you no more than the ordinary kinds. Will bloom this year. Splendid plants with a wonderful root system. **3 for 45c; 12 for \$1.48.**

Delphinium

HOLLYHOCKS

A picture of a beautiful garden would not be complete without the tall, majestic Hollyhock, with its column of large, double, bright colored flowers in many beautiful shades of pink, white, yellow and red. A blaze of beauty throughout the summer. **3 for 45c; 12 for \$1.48.**

Double Hollyhock

GAILLARIA (Blanket Flower)

One of the most satisfactory perennials to plant, it is perfectly hardy, will grow well without much care, is very showy with its large, richly colored flowers, with crimson and red-brown centers, surrounded with bands of crimson, orange and vermilion. It blooms continuously from June till frost in the fall. The flowers are borne on long stems, making them nice for bouquets in tall vases. **3 for 45c; 12 for \$1.48.**

3 For 45c 12 For \$1.48

Not Less Than 3 of One Variety

Some of the most desirable of the old favorites are offered in the following list. Plant them this spring and you will always have them.

As our perennials are all dug in the spring, fresh as ordered, we are sometimes compelled to ship them separately, as other nursery goods can be sent earlier.

AQUILEGIA (Columbine)

One of the most beautiful of perennials; a great variety of colors, their long stems make them nice for cut flowers. I offer the mixed varieties, all colors—scarlet, yellow, blue, pink, and white.

Strong, well rooted plants, 3 for 45c; 12 for \$1.48.

YUCCA (Adam's Needle)

Creamy white, bell-shaped flowers, borne on tall spikes 4 feet high, surrounded by long, narrow leaves which remain green the entire winter. Blooms a long time. The tall sword-like evergreen leaves give a tropical effect to the garden. Our plants are large, 3 years old.

35c each; 3 for 97c.

CHINESE LANTERN PLANT

For Christmas decorations. Grows 2 feet high, throwing up numerous long stems on which are borne a large, brilliant husk or bladder of red color, which retains its beauty when dried. Very ornamental. We sell good strong roots, 3 eyes. **3 for 45c; 12 for \$1.48.**

ANCHUSA ITALICA (Dropmore)

Blue. 4 feet. Bearing all summer panicles of clear, sky-blue flowers, similar to the Forget-me-not. A very useful perennial, growing 4 feet high and commences to bloom in July. Planted with Oriental Poppies, they make a splendid effect. The honey bee is very fond of this species. Will bloom all summer if not allowed to go to seed. **Price: 3 for 45c; 12 for \$1.48.**

Shasta Daisy

SHASTA DAISY (Giant Moonpenny. Alaska)

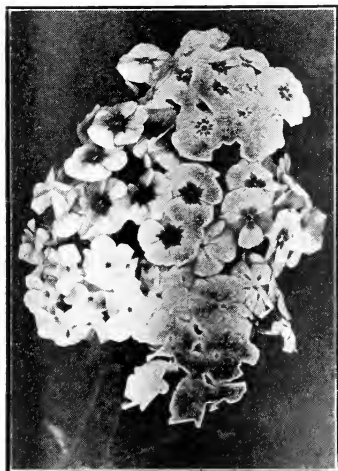

A much improved hardy Daisy, bearing a profusion of large white flowers from early spring till late in the fall. Fine for cut flowers. **3 for 45c; 12 for \$1.48.**

BLUE PLANTAIN LILY (Funkia)

Among the easiest plants to manage. Their broad, massive foliage makes them attractive subjects for the border even when not in flower. They succeed equally well in sun or shade, being one of the few choice perennials which will accept a shady location without protest. Blue flowers in June. **35c each; 3 for 90c.**

PYRETHRUM (Painted Daisy)

Roseum (Painted Daisy), Mixed. Fine, showy, well-rounded plants 2 to 2½ feet tall, with finely cut, fern-like foliage. The large, bright, daisy-like flowers are invaluable for cutting, being borne on long stems and lasting a long time. They range in color from pure white and light pink to brilliant scarlet and dark red, with bright yellow centers. Although they bloom practically all summer, they are at their best in June. Perfectly hardy and easily grown. **3 for 45c; 12 for \$1.48.**

Phlox

PERENNIAL

HARDY PHLOX

The ease with which they are cultivated, season of blooming, combined with the varied and beautiful coloring, make them particularly valuable for garden planting. In bloom from June till late autumn. Phloxes are very effective, either as single specimens in small groups or large beds on the lawn. They produce a beautiful and harmonious contrast when massed against a background of shrubbery. I offer a carefully selected collection, all field grown plants, that will bloom the same season as transplanted. I do not sell pot-grown plants. **Red, Pink or White, 3 for 45c; 12 for \$1.48.**

HIBISCUS (Red)

New giant flowering Marsh Mallows, a wonderful variety, producing flowers of enormous size, five inches across. Bloom all summer. **Large plants, mixed, 3 for 45c; 12 for \$1.48.**

Foxglove

ROSE COLOR CONE FLOWER

A free bloomer in midsummer, good for cut flowers. Remains in bloom till late fall, 3 to 4 feet tall. Flowers 4 inches across. Large brown cone shaped center. Very showy for background. **3 for 45c; 12 for \$1.48.**

FOXGLOVE (Digitalis)

An old-fashioned flower that should be planted in quantity. Succeeds under all conditions, furnishes a grand display during July and August. The flowers are very showy, thimble-shaped, and are borne close together on stalks 3 to 4 feet high. For backgrounds and contrast among the shrubbery, it is a very fine plant. Grows

well in a half shady position. Mixed colors, pink and white. **Price: 3 for 45c; 12 for \$1.48.**

CHINESE BELL FLOWER (Platycodon)

Balloon Flower. A brilliant blue perennial, 18 inches high. Free bloomer. Always in bloom from June till fall. Much admired as a cut flower. Always plenty of blooms at a time when other flowers are scarce. Very hardy. **3 for 45c; 12 for \$1.48.**

ORIENTAL POPPY

For a gorgeous coloring the Oriental Poppy has few rivals among hardy plants. They produce a magnificent effect in shrubberies. Brilliant scarlet. May be planted late summer and fall. Also in early spring, not later than middle of April. Orders received later than that will be filled in September. **3 for 45c; 12 for \$1.48.**

Oriental Poppy

BLUE SPIREA

AROMATIC

This is a handsome hardy perennial. It grows about 3 feet high and produces beautiful rich lavender blue flowers in great profusion over the entire plant. Blooms continuously from last of August until cut off by frost. Not perfectly hardy and requires some winter protection. The plants grow naturally in a compact, globular shape, the leaves are interesting on account of being aromatic. When crushed they are quite fragrant. **Two year plants, 40c each; 3 for \$1.00.**

BLUE SALVIA

A perennial form of Salvia, bright blue flowers borne on tall spikes 4 feet high. A very ornamental perennial, blooms freely in the fall. **Large plants, 3 for 45c; 12 for \$1.48.**

PERENNIAL SWEET PEAS

A showy climber which remains in the ground year after year, often grows 8 to 10 feet high, bearing a mass of flowers throughout the summer; fine for covering old fences or trellises. Excellent for cut flowers, lasting many days. Colors are mixed pink, white, and soft shades of blue and lavender. **Plants, 3 for 45c; 12 for \$1.48.**

HARDY CARNATIONS

A true Carnation, large double blooms in shades of red, pink, and white. These Carnations are just as nice as the greenhouse varieties, the flowers lasting for several days, filling the whole house with a delightful, sweet, spicy fragrance. They bloom continuously from June until checked by frost. Perfectly hardy, need no protection. May be taken up and potted in the fall if desired for house plants. Any of the above colors. **3 for 45c; 12 for \$1.48.**

COREOPSIS

A group of these plants will supply an abundance of golden color to your grounds from spring till fall, if seed pods are kept cut off. The graceful long-stemmed flowers are beautiful in mixed bouquets. **3 for 45c; 12 for \$1.48.**

TRITOMA

Flame Flower (or Red Hot Poker)

Flowers grow on tall spikes of most brilliant scarlet and orange, beautiful and showy. **3 for 45c; 12 for \$1.48.**

Tritoma

CANTERBURY BELLS (Campanula)

Campanula Medium

An old-time favorite, growing 2 feet high and bearing in great profusion very pretty bell-shaped flowers. The Campanulas give to our gardens exceedingly pretty flowers for almost any situation, moist or dry, sunny or shaded, and the flowers are produced even in summer drought. Valued for cut flowers. **3 for 45c; 12 for \$1.48.**

Double Golden Glow, plant in a group in background. Six feet high. Gives that touch of brilliant color needed in every garden. Hundreds of blossoms through August and fall. Excellent for cut flowers. **3 for 45c; 12 for \$1.48.**

SWEET ROCKET (Hesperis)

Old-fashioned garden plants; also known as Dame's Rocket and Dame's Violet; grows about 3 feet high, and bears spikes of showy white, lilac and purple fragrant flowers. Blooms full by Decoration Day, providing flowers for that occasion, continuing to bloom all summer. Excellent for naturalizing among shrubbery or for planting in a permanent border; mixed colors.

Price: 3 for 45c; 12 for \$1.48.

ROCK PLANT BARGAINS

28 Plants, 4 of each of Seven Choice varieties, \$2.69

Chinese Blue Butterfly (Dwarf Delphinium). About 18 inches high, with fine feathery foliage, and producing freely large blossoms of intense gentian-blue.

Violas or Tufted Pansies. Bloom more freely than the regular type, colors blue, yellow and black mixed.

Tunica, a neat tufted hardy perennial, only a few inches high, blooming throughout the season, many pink blossoms, especially adapted for the rockery.

Alpine Asters. Dwarf plants, large showy, bluish purple flowers with yellow center.

Bellis (English Daisy). Blooms continuously. Bright double flowers in red, white and pink. Gay colors for the rock garden.

Dianthus (Hardy Rock Pinks). Sweet scented, low growing, free blooming, mixed shades of red, crimson, pink and carmine. Need sunshine.

Saxatile Compactum (Basket of Gold). For the rockery or border, growing 1 foot high and producing in May masses of broad, flat heads of bright yellow flowers.

3 ROCK PLANTS, ONE KIND, FOR 45c

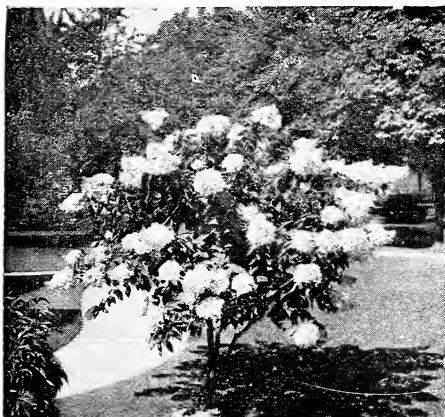

L. C. Casler, Paw Paw, Michigan

ORNAMENTAL SHRUBS

MAKE YOUR HOME BEAUTIFUL

Every home owner can afford to buy some shrubs at these prices.

TREE HYDRANGEA

This grand tree-shrub has the same wonderful flowers as the *Hydrangea Paniculata Grandiflora* with a tree form, grows about six feet high, making a very picturesque shrub.

Our plants are about 3 ft. high, a regular \$1.25 value, special price, **90c each; 2 for \$1.69.**

HYDRANGEA PANICULATA GRANDIFLORA

This is the variety which produces the big blooms, which are sometimes nearly a foot long. The flowers are pure white, changing to delicate pink in the fall. Large, bright green leaves; bush grows six feet high. The most showy shrub grown. **Price, strong, two-year-old plants, 33c each; 3 for 89c.**

HYDRANGEA ARBORESCENS (Hills of Snow)

A beautiful bush all summer with its loads of big white balls of bloom and rich green foliage; grows to a height of five feet. Begins blooming in June, continuing all summer. Hardy everywhere. **Price, heavily rooted plants, each 33c; 3 for 89c.**

ALTHEA—ROSE OF SHARON

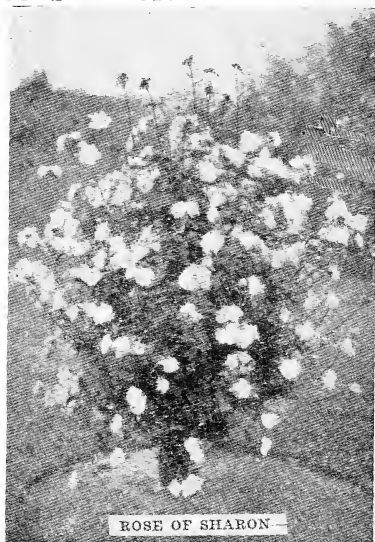

One of our most valuable shrubs for late summer and fall, at that time they bloom continuously, the large double blossoms almost entirely covering the shrub; as soon as a flower falls a new one replaces it.

The foliage is always perfect which makes the shrub pretty all summer.

Altheas are quite hardy, but we find that they kill back some in extreme winters, but if the dead wood is cut out, the shrub is soon as nice as ever, blooming as usual.

Our two year Althea are branched and will bloom this summer. **Red, Purple and Pink. Two-year branched, 2ft., 27c each; 3 for 79c.**

**A Handy Pocket Pruning Knife Free
With a \$5.00 Order**

BECHTOL'S DOUBLE FLOWERING CRAB

This variety is considered the best of the flowering crabs. Very hardy, will thrive in any kind of soil.

During May and June it is entirely covered with large, double, pink flowers like beautiful roses, of the sweetest fragrance.

This little tree is a real adornment to the home grounds. Will begin blooming in one year, sometimes blooms the same spring it is planted.

Price: Nice trees, 4 ft. high, 95c each.

HOPA RED FLOWERING CRAB

The name Hopa is Indian, meaning beautiful. A graceful little tree of striking beauty, especially when in bloom in April, when it is filled with bright rose-crimson flowers. Later in the summer, its loads of pretty little red apples add to its charm.

The fruit is too small to be of value, although it is said to be delicious for jelly.

Hardy and free from disease. Very ornamental for the lawn. **Price:** Good specimens, 4 feet high, 95c each.

FLOWERING ALMOND

This lovely old favorite, which is one of the first flowers to greet us in early spring, should be in every flower garden. Each slender branch is loaded full of pretty pink blooms which look like little roses. Hardy bush. Grows four feet high. Our plants are heavily rooted. **Price, 2-year, 2 feet, each 45c; 3 for \$1.19.**

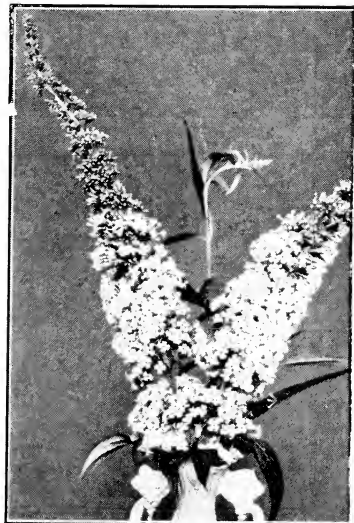

GOLDEN ELDER

A valuable shrub for giving bright yellow contrast against the general green surroundings. Should be planted in open sunlight to get golden yellow foliage. The flowers are creamy-white, followed by pretty red berries which are good for pies. Grows over six feet tall, but may be pruned to a compact, low bush. **Price, well rooted, 2 year plants, about 2 ft. high, each 29c; 3 for 79c.**

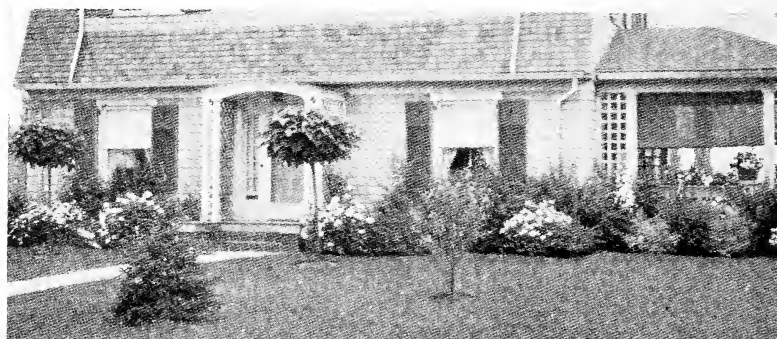

BUTTERFLY BUSH

(Buddleya)

Everblooming. Sometimes called Summer Lilac. It resembles the purple lilac in color, although the spikes are longer and more graceful than the lilac. This shrub is in great demand, admired by everyone for its beauty and fragrance. It grows very fast, growing four feet in one summer. Freezes back in extreme cold climates, but comes up strong in the spring and blooms forth full as usual. Blooms first summer after planting. **Price, each 37c; 3 for 97c.**

Butterfly Bush

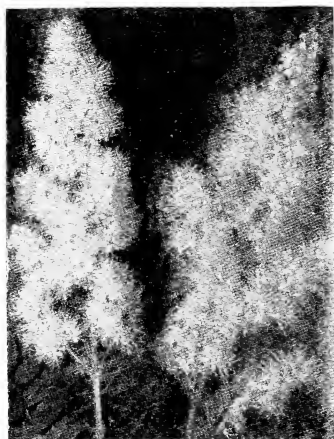

Attractive Home Planting—Spireas and Hydrangeas

SPIREA (Van Houtti)—Grandest of Spiraeas; will thrive in almost any location, sunshine or shade. In full bloom in May and June, when it appears like a beautiful white fountain. It is an attractive shrub all summer, with its graceful branches and delicate bright green leaves. **Heavy 3-year shrubs, 3 feet high, 27c each; 5 for 95c.**

RED SPIREA (Anthony Waterer)—This low-growing shrub has the brightest crimson colored flowered of any Spirea. It is a continuous bloomer; very pretty for borders or foreground. Leaves are sometimes variegated yellow and green. **Two year, nice bushy plants, each, 37c; 3 for 95c.**

PINK SPIREA (Froebela)—A strong growing shrub similar to the Spirea Anthony Waterer, but taller, with broader leaves; the flowers are a deep pink, blooming full in June and July, then again in the fall. The tips of the leaves are purple and red, making it a prettier shrub than the Anthony Waterer. **A heavy grade, bushy plant, 18 inches high, each 37c; 3 for 95c.**

Sorbaria Sorbifolia

SORBARIA (FALSE SPIREA)

A handsome, quick-growing, hardy shrub for foundation screens, also for a medium height background, either sunshine or part shade. Very valuable for covering a dry bank where most shrubs would not thrive. New plants will come from roots, soon making a beautiful sight with its fluffy hads of pure white flowers and attractive foliage. A profuse bloomer from June to August. **Strong two year shrubs, 37c each; 3 for 95c.**

BRIDAL WREATH SPIREA

Spirea Prunifolia: This shrub is the real bridal wreath. Fine feathery foliage turns red in Autumn. Snow-white double flowers cover the graceful branches their entire length like beautiful plumes. Fine for bouquets. This Spirea is one of the most ornamental shrubs for planting in front of foundation or porch. **Good 3 foot bushes, 47c each; 3 for \$1.29.**

BUSH HONEYSUCKLE (Fragrantissima)

The handsome foliage stays on well into winter. Also first to leaf out in spring. Little, pink, fragrant flowers come in May, scenting the air with delicious perfume. Pretty red berries in autumn. **3 foot plants, 37c; 3 for 95c.**

L. C. Casler, Paw Paw, Michigan

WEIGELAS

Eva Rathke (Red)—The queen of the Weigela group. An erect growing shrub, which bursts into full bloom in June with a profusion of trumpet-shaped, carmine-red flowers, continuing more sparingly during the summer. A highly colored bush for background or lawn ornament. As beautiful as the Azalea. Grows five feet high. **Price, 2 year plants, each, 37c.**

Weigelia Rosea

Weigela Rosea (Pink)—This beautiful hardy variety was introduced from China. It is the most widely known variety of all the Weigela group. A wide spreading bush, growing over six feet high, of graceful form. The flowers are large, trumpet-shaped, rose pink color, turning darker as they age. A profuse bloomer. **Price, each, 37c.**

VARIEGATED-LEAVED WEIGELA (Dwarf)

A medium-size, compact shrub; blooms profusely beautiful shell-pink flowers. The leaves are variegated, margined with creamy white; useful for planting with other shrubs. **Price, 2-year bushes, 39c each.**

SPECIAL—One of Each, RED, PINK and VARIEGATED, 97c.

CORNUS—FLORIDA (White Flowering Dogwood)

This beautiful little tree blossoms when very young. Great white flowers 3 inches across; graceful, branching habit. Bright red bark makes it a pretty tree in winter.

Price, 2 foot trees, each, 30c; 4 for \$1.00.

Price, 3 foot trees, branched, 60c; 3 for \$1.65.

BLOOD-RED SIBERIAN DOGWOOD

A handsome little shrub-like tree, blooms early in the summer, clusters of dainty white flowers. The bark is blood red of striking beauty, especially in winter. The attractive, ornamental, light blue berries add to its charms in early fall. This shrub always attracts much admiration. Perfectly hardy. Our two year plants are about 3 feet high. **37c each; 3 for 97c.**

Pearl Bush

L. C. Casler, Paw Paw, Michigan

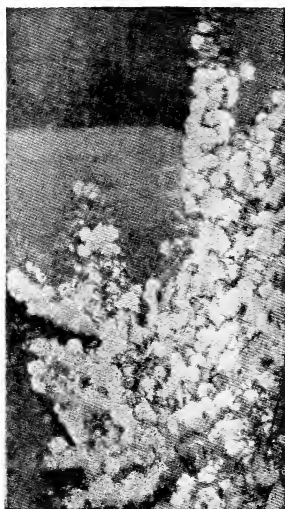

PEARL BUSH

(*Exochorda Grandiflora*)

One of the most handsome of ornamentals, grows rapidly, over six feet high. Can be trimmed to any shape desired; will endure the most severe winter, coming out in the spring with branches covered with buds, which resemble pearls strung on slender threads, which later turn to long sprays of pure white flowers.

Most nurserymen charge \$1.00 for the kind of plants I am offering at bargain prices.

Two year plants, 3 ft. high, each, 79c; 3 for \$2.19.

Prunus triloba

2 ROSE TREE OF CHINA For 95c

(PRUNUS TRILOBA)

Very early in the spring before the leaves are out, this little tree or shrub comes into full bloom, on every slender branch is born the beautiful masses of dainty pink, double blossoms, which resemble roses which suggests its name. These flowers are very nice for cut flowers.

The tree is very ornamental even when not in bloom because of its graceful form and handsome foliage.

A native of northern China, therefore perfectly hardy, even in our most northern states. The price has been rather high in the past but I am now able to offer good strong two year plants about three feet high, at a low price. These plants will bloom next spring. **Price, 55c each; 2 for 95c.**

SMOKE TREE FOR . . . 95c

(PURPLE FRINGE)

Fringe, Purple (Smoke Tree). *Rhus Cotinus*. A conspicuous spreading shrub or small tree with large clusters of round leaves; overhanging in midsummer by mist-like clouds of tiny flowers. These billowing panicles are a light lavender when fresh, very persistent, and give the impression of smoke at a distance. Highly colored in autumn. **Two year, 3 feet high, each 95c.**

FIRE BUSH—Flowering Japan Quince

(*Cydonai Japonica*)

This early blooming shrub is often seen in old gardens; it is very showy when covered with its fire red flowers. Usually in full bloom before the leaves are all out. The foliage is thick and glossy dark green. The twigs are armed with stiff thorns. Extremely hardy, grows about 4 feet high, very ornamental. We have some excellent two year plants. **Price, 39c each; 2 for 69c.**

ROSE ACACIA MOSS LOCUST . . . 2 FOR 95c

One of the most beautiful of all our flowering trees or shrubs, may be had either in form of a tree or a shrub.

Blooms at intervals throughout the summer, but in June it is glorious, for then it is covered with a mass of the most lovely pink flowers which have the beauty and form of the sweet pea, the clusters drooping like the bloom of the wisteria. Will bloom the first summer.

The branches are covered with mossy spines of a soft red color, which gives it the beauty of the moss rose.

The attractive foliage makes a beautiful setting for the pink flowers.

The Rose Acacia is one of our most desirable shrubs and is sure to please.

Heavy two year shrub, 2 feet high, 59c each; 2 for 95c.

RED LEAF BARBERRY . . . 5 FOR 95c

For bright contrast in color when planted with other low shrubs this bush is unsurpassed, also very attractive as a specimen shrub. The color is purple and red in the summer, becoming a brighter red in autumn. This bush must be planted in open sunlight to get color. Our plants are two years old, about 10 to 12 inches high, very bushy roots. **25c each; 5 for 95c.**

Large 3 Year Old **BEAUTY BUSH** 3 Ft. High, Ea. 95c

(*Kolkwitzia Amabilis*) A New Hardy Shrub

An exceedingly handsome ornamental shrub which has come to us from the wilderness of China. The foliage and habit of the bush is attractive when not in bloom, and it is perfectly hardy. It will grow over 6 feet high, its thick, arching branches are covered in springtime with clouds of deep pink flowers resembling honeysuckles. This new shrub has all the merits of a perfect hardy shrub, beauty of shape and foliage, besides an amazing profusion of flowers of beautiful colors.

Scarcity of Beauty Bush plants has kept the price high in the past, but I now have some heavy 3 year stock which should bloom next spring. The price is now very moderate.

Heavy 3 year bushes, 95c each; Light 1 year plants, 37c each; 3 for \$1.00.

Kolkwitzia Amabilis

WHITE SNOWBERRY OR RED SNOWBERRY

EITHER VARIETY 27c; 4 for 97c

Valuable old favorites; a clean, graceful bush which grows five feet high. These shrubs are both very ornamental, easy to grow, thriving in shady places. Fine for hedges. **Large, two year, each, 27c; 4 for 97c.**

GOLDEN ROSE OF CHINA

HUGONIS ROSE

A Sensational Discovery for Landscape Work And Planting Amongst Shrubs

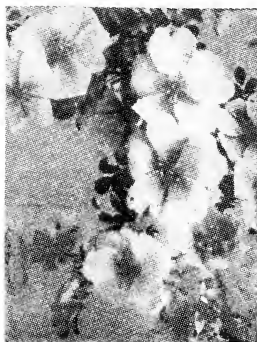

While it is a true rose bush, it has such unusual beauty when out of bloom that it is of double value. The acacia-like foliage and maroon colored canes with the pretty, thorny new branches create beauty that impresses everyone.

In May it is a wonderful bush of gold. The flat two-inch blossoms and swelling buds set closely together the full length of the long arching canes.

Long sprays of the golden canary flowers may be cut for table decoration.

May be planted among other shrubs or set as a specimen plant with gratifying results, but as a hedge it is indeed magnificent, becoming almost impenetrable after a few season's growth.

I offer this expensive rose at Bargain Price. **Strong, two-year field grown bush, 43c each; 6 for \$1.98; 12 for \$3.48.**

Rosa Hugonis

FRENCH HYBRID LILACS

The whole world gives France credit for developing the finest Lilacs. Our old-fashioned Lilacs are lovely and cherished by everyone, but these French beauties are simply grand.

Large flower panicles and charming colors and sweet refined fragrance.

Of the many worthy French varieties, I am offering five of the finest at **bargain** prices. Our plants are stocky and vigorous, about two feet high. They will bloom full next spring. Some may make a few flowers this season. We ran out of stock last year, but expect to have enough plants this spring to fill all our orders.

President Grevy—Double, the color is a combination of rose-mauve and delicate blue, magnificent clusters.

Belle de Nancy—Double, a very large flower of pleasing pink and rose.

Charles X—A strong, rapid growing bush, producing great trusses of the deepest purple-red single flowers, changing to mauve.

Ludwig Spaeth—Claimed by many as the most beautiful lilac ever produced. The single flowers are a deep shade of magenta-red.

Marie Lemoine—The best double white lilac grown. The flowers resemble clusters of tube roses closely set in large trusses, deliciously perfumed, wonderful for bouquets.

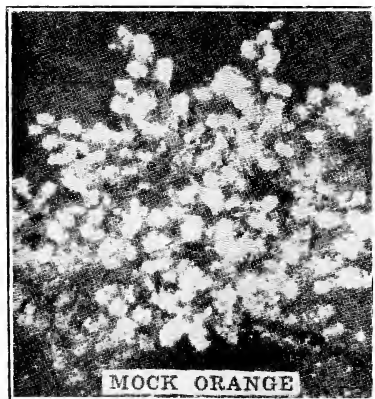

Price—Any of the above varieties, 60c; 3 for \$1.75.

Special—5 French Lilacs, one of each, for \$2.69.

FORSYTHIA (Golden Bell)

A hardy free bloomer. Flowers come first mild days in the spring; bush covered with bright golden yellow flowers before leaves appear. This bush will add much to your enjoyment of springtime. A beautiful, gracefully shaped bush. **Price, each, 37c; 3 for 97c.**

NEW DOUBLE MOCK ORANGE VIRGINALIS

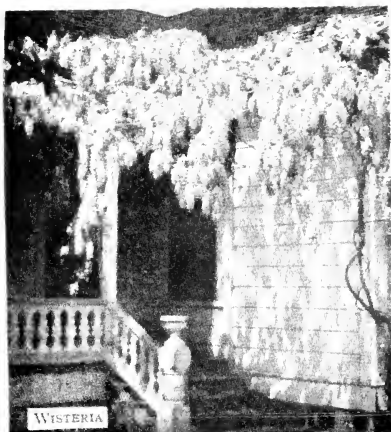

Best of the mock oranges. Everyone who has one in bloom has something to be proud of. The beautiful pure white, double flowers are larger than any other variety. Sweet scented, fine for cutting, long blooming season, besides blooming some later in summer. The June bloom almost covers every branch. Has sold rather high, but I now offer it very reasonable. Grows rapidly to 5 feet high. **Vigorous two year plants, 47c each; 3 for \$1.19.**

L. C. Casler, Paw Paw, Michigan

CLIMBING VINES

WISTERIA CHINESE PURPLE GRAFTED

We have in the past sold the Wisteria grown from seed, but we are convinced that the grafted vines are so much better, and sure to bloom, that we are now offering the grafted vines only. These vines will bloom in great clusters of the most beautiful flowers which resemble bunches of sweet peas hanging down like clusters of grapes. The vine grows fast, the foliage is fern-like and beautiful. A splendid vine for porch trellis. Our plants are two years old, absolutely sure to bloom. **Price, 79c each; 2 for \$1.49.**

AMERICAN BITTERSWEET

A bright colored native vine of great beauty, desirable for climbing over walls, fences or lattice. The foliage is glossy and attractive, the pretty orange-scarlet berries cover the vine in late summer and fall, remaining on all winter. These berries are much sought for winter decoration for the home. **Each, 37c; 3 for \$1.00.**

Dutchman's Pipe

DUTCHMAN'S PIPE

Its odd shaped flowers resemble a brown pipe; blooms in June. It is a rapid grower. It thrives on the north side of the house in the shade. This is the large leaf variety which is pictured. **Heavy 2 year vines, 55c each; 2 for \$1.00.**

TRUMPET VINE

A handsome, vigorous vine which clings tightly to trellis or stone wall. Orange colored. Blooms almost continuously, large trumpet-shaped flowers. **Two year plants, 37c each; 3 for 97c.**

SCARLET HONEYSUCKLE (Fragrant)

(*Sempervirens*). A fine climber. It produces its bright, red, fragrant, trumpet-shaped flowers almost continuously. A splendid vine for porches. Grand for trellises. Reaches a height of 15 feet. Will thrive in almost any kind of soil. **Price: No. 1 plants, 35c each; 3 for 97c.**

HALL'S JAPANESE HONEYSUCKLE

Almost as nearly evergreen as Holly. Will grow 15 feet in one season; excellent for porch trellis. Blooms freely, yellow and cream color flowers of dainty beauty and the most exquisite perfume. **Extra large plants, 37c each; 3 for \$1.00.**

SILVER LACE VINE, Next Page.

SILVER LACE VINE

POLYGONUM AUBERTI

(Silver Lace Vine)

This beautiful new vine is creating a sensation. Its behavior during the last two seasons was astonishing. We planted two vines near a large garage and by the middle of summer they had entirely covered the side and were running on the roof. Then when the mass of blossoms came in September, it was a grand sight.

The foliage is always pretty and never injured by insects. The flowers are fine and delicate, a foamy white, blooming continuously till late fall. We used the flowers as fillers in bouquets. They are as pretty as Baby Breath for this purpose. The vine will grow 25 feet in one season if kept watered.

Price reduced on large two year vines.
New low price, 69c each; 2 for \$1.33.

HEDGE SHRUBS

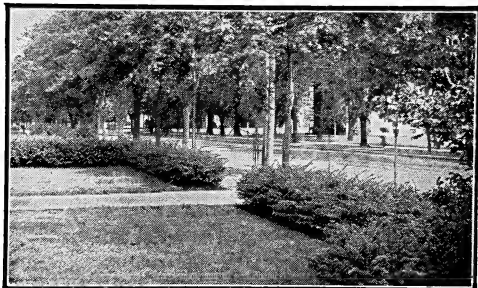

Privet Hedge

AMoor RIVER PRIVET (North)

This variety of Privet is hardy in the Northern states, being superior to the California Privet in this respect, but similar in appearance. The leaves are thick, glossy dark green. To get a very thick hedge, set deep and close together, about 12 inches apart and cut back to about four inches above the ground when setting. The hedge may be sheared to any desired shape. **Price, two year plants, about two feet high, per dozen, \$1.50; 50 for \$4.00.**

BARBERRY THUNBERGI (Japanese)

A beautiful shrub for low hedge; it grows about three feet high; grows compact and can be kept sheared for solid effect. Also a pretty shrub as an individual bush. The foliage is fine, branches slender and graceful, beautiful in autumn; colors of red, orange and golden brown; red berries stay on all winter. **Price, two year plants, 15 inches high, per dozen, \$1.50; 50 for \$4.00.**

Japanese Barberry Hedge

A heavier grade, each, 20c; per dozen, \$2.00; 50, \$6.00.

SHADE TREES

BEAUTIFY YOUR GROUNDS AT SMALL COST

WHITE BIRCH

A lovely ornamental tree of graceful habit. A rapid grower. Bark is white, branches slender and slightly pendulous, with light airy foliage of a bright green. When planted in connection with evergreens, there is nothing quite so attractive. Use extra care in transplanting, as the roots must not be exposed. **Price, nice 5 ft. trees 95c; 3 for \$2.73.**

Silver Maple. For quick growth and dense shade the Silver Maple is a desirable tree to plant. **Two year branched trees, 4 to 5 ft., each, 40c; 3 for \$1.00.**

SCARLET MAPLE

The earliest maple to bud, the beautiful red buds appearing in late winter and early spring. In the fall the leaves turn to the most brilliant red. A handsome lawn tree, higher head than the Norway Maple. We offer heavy 4 foot trees for **95c each; 3 for \$2.73.**

CHINESE ELM

A shapely, fast growing tree from China. The leaves are a darker, richer green than the common elm. It does not shed its leaves as early in autumn as the American Elm. Perfectly hardy, grows very fast. If an extra nice shade tree is wanted, this is a good tree to plant. **Price, two year trees, about 3 ft. high, with good roots, each, 35c; 3 for \$1.00; 4 to 5 ft., 79c; 3 for \$2.17.**

WEeping WILLOW

The graceful weeping willow always adds beauty to the landscape. It is a rapid growing tree. Hardy everywhere, prefers moist soil; olive green foliage. **Price, 3 ft. trees, each, 35c; 3 for \$1.00.**

TULIP TREE

Tulip Tree (Whitewood). One of the grandest of our native trees of tall pyramidal habit, with broad, glossy fiddle-shaped leaves and beautiful tulip-like flowers; allied to the Magnolia. Leaf color is clean, rather bluish-green shade which in fall turns brightest yellow. Flowers are 1½ to 2 inches long, light greenish yellow marked at inside base with orange; May or June.

Good 5 ft. trees, 69c; 3 for \$1.90.

CATALPA SPECIOSA

This tree is of such rapid growth that it is planted largely for shade. It is a beautiful shade tree; large, broad leaves and big clusters of fragrant white and purple flowers. **Price, 3 to 4 ft. trees, each, 35c; 3 for \$1.00.**

LOMBARDY POPLARS

These tall, picturesque trees are used for landscape effects, also for lawn groups. The young trees are graceful, making a very pretty screen or tall hedge. The foliage is dark and glossy. Grow rapidly.

Price, 5 to 6 ft., low branched, 37c; 3 for 95c; 10 for \$2.87.

White Birch

Chinese Elm

ORNAMENTAL TREES

FOR STREET OR LAWN

The following trees are not large. They are all beautiful varieties and can be planted where large trees would not be desirable.

CORNUS FLORIDA (White Flowering Dogwood)

This beautiful little tree blossoms when very young. Great white flowers 3 inches across; graceful, branching habit. Bright red bark makes it a pretty tree in winter. Price, 2 ft. trees, each, 30c; 4 for \$1.00. 3 ft. branched, 60c; 3 for \$1.65.

RED BUD JUDAS TREE

An exceptionally ornamental tree of medium size, begins unfolding its beauty in early spring, when the branches are covered with pretty red and purple blossoms before the beautiful heart-shaped leaves are out. Perfectly hardy even in the most Northern states. Price, 2 to 3 ft., each, 69c; large 4 ft., 95c each.

TAMARIX HISPIDA

A graceful, slender tree; grows about 12 feet high; the bluish-green foliage is feathery and dainty, the flowers are a delicate pink. Blooms in July and sometimes again in August. Should be trimmed back after blooming for best results. Price, 2 to 3 ft., 47c; 3 for \$1.29.

SIBERIAN MAPLE (Tartarian Ginnala)

More like a shrub with three-lobed leaves and flowers in long panicles. Foliage turns bright red early in the fall. The beauty of the Siberian Maple can only be compared with the expensive Japanese Red Maple, for which it makes a good substitute. Of dwarf growth. We offer some nice little two year trees, from 18 to 24 inches high, at each, 25c; 5 for \$1.00. 3 to 4 ft., \$1.15 each.

MOUNTAIN ASH

European. A splendid broad-topped small tree which is distinctly beautiful and attractive whether as a single lawn specimen or as an element in any group association. The foliage is richly dark and lustrous, very similar in construction to the coarser Ferns. In late summer and far into winter, the greatest beauty and effectiveness centers in the large, dense fruit clusters which gleam brilliantly red. 3 ft. trees, 39c; 3 for \$1.10. 4 ft. heavy, 69c; 3 for \$1.95.

RUSSIAN OLIVE (Elaeagnus)

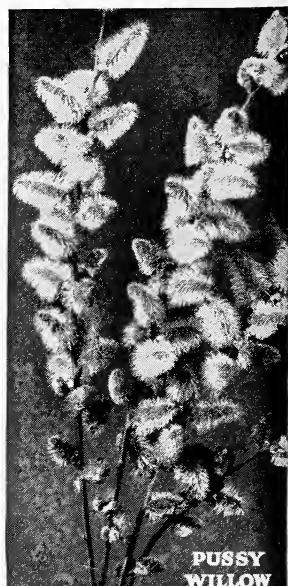

A beautiful lawn tree, with spreading top; nearly black, shining bark and silvery-white, long, narrow foliage. The small yellow blossoms have a wonderful fragrance. The exquisite perfumes are carried long distances in the air. Fine if planted in a group with green-leaved trees, among shrubbery, or as a lawn tree. Hardy as far north as Canada. 4 ft. trees, 47c; 3 for \$1.29.

PUSSY WILLOW (Salix Caprae)

Not the wild pussy willow, but a cultivated variety that has made a sensation wherever it has been shown.

Its popular appeal is for the pretty, silky catkins silvery pink, more than an inch long which make such delightful springy bouquets as soon as the snow melts.

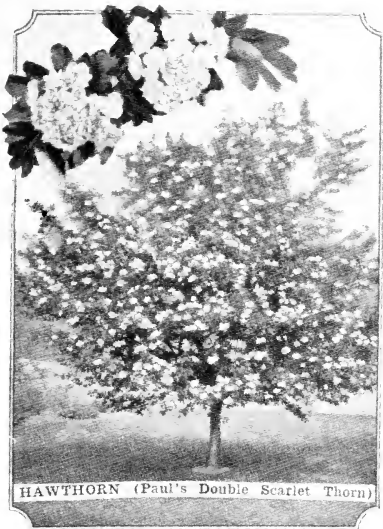

A nice shrub-like tree for the lawn or back-ground, 3-4 ft. Prices, each, 45c; 3 for \$1.19.

**PUSSY
WILLOW**

European Mt. Ash

FLOWERING THORN

Paul's Double Scarlet. Flowers deep crimson-scarlet; very double. This is one of the most attractive small trees for solitary specimens or groups, as showy in fruit as when in bloom. The foliage turns brilliant red in autumn. will thrive on any soil. **4 ft. trees \$1.69; 2 for \$3.29.**

DEVIL'S WALKING STICK

This picturesque tree with its immense compound leaves 2 feet long and a foot wide and its great clusters of white flowers in August, creates a very tropical effect. Should be planted in sheltered place that its beautiful leaves will not be whipped by high winds. Grows 15 ft. high. Hardy here in Southern Michigan. **Price 3 ft. trees 69c; 3 for \$1.95.**

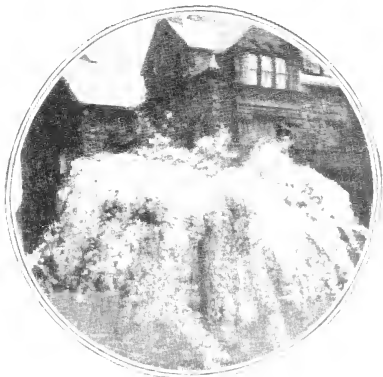

TEA'S WEEPING MULBERRY

The most graceful hardy weeping tree in existence. Forms a perfect round tent-shaped head, with slender, leaf-studded branches drooping to the ground; the diameter of its leaf-screened bower about half the height. In light, airy gracefulness, delicacy of form and motion, it is without a rival. It has a beautiful foliage, is hardy, safe and easy to transplant. Admirably adapted for small grounds, specimens or for cemetery planting. It is equally valuable and showy in a refined way, used as a medium tall screen against high walls, or to separate the garden and the lawn. Cutting back to the crown each year is beneficial. Grafted on stems 5 to 6 feet high. **1 year heads, \$1.97.**

FLOWERING CHERRIES

Japan Weeping (C Subhirtella Pendula). The "**Rosebud Cherry.**" longest known of this wonderful family in American landscapes; popularized by its adaptability to small lawns where its swaying wands, so thickly studded with light pink bloom, are an outstanding incident of spring. Grafted on 5 to 6 foot stems. **1 year heads, \$2.90 each; 2 year heads, \$3.80.**

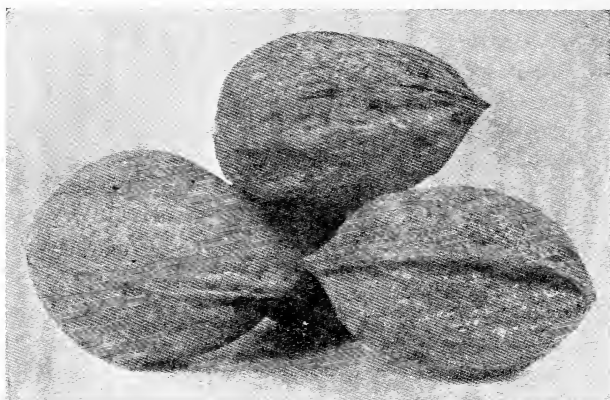

Kofugen (Pink Saint). Vigorously upright and symmetrical. Crimson buds, expanding into double flowers that are red, fading to old rose. **3 to 4 ft. \$1.69 each.**

Japan Weeping Cherry

CUT-LEAVED WEEPING BIRCH

Cut-leaved Weeping. Its tall, slender, yet vigorous growth, graceful drooping habit, silvery white bark and delicately cut foliage presents attractive characteristics rarely met with in a single tree. Very popular for single lawn specimens or groups; the white bark of trunk and twigs gleaming conspicuously among the darker greens and browns. **5 to 6 ft., \$1.79; 6 to 8 ft. \$2.33.**

Japan Walnuts Picked From Six Year Old Tree

NUT TREES

JAPANESE WALNUT

This beautiful fast growing tree would be well worth growing for an ornamental tree alone, but the owner of a Japanese walnut tree is rewarded every year by a crop of most delicious, rich and valuable nuts, of smooth shell like the English walnut, but not so thin. The nuts are larger than a pecan; they grow in clusters of 12 or 15 at the tips of the branches. The tree begins bearing when three years old. It is perfectly hardy except in the extreme North. We are offering a low price on 3 year trees. Very heavy roots. **Price, Heavy 3 foot trees, 59c; 3 for \$1.65.**

BUTTERNUT OR WHITE WALNUT

The nuts are long and when cracked on end the meats come out whole; they are very rich and oily, preferred by many to any other nut. The nuts are borne in clusters, dropping after the first hard frosts. A hardy tree in the North. **Large 4 ft. trees, 90c; 3 for \$2.55.**

BLACK WALNUT

A native large spreading tree which makes a wonderful shade tree; it is very fast growing. The timber is one of the most valuable of all wood and is being bought at fabulous prices. The trees are becoming scarce, everyone who can should plant a few trees at once as they will soon bear loads of the richest kinds of nuts. **Nice trees, 4 foot trees, 59c; 3 for \$1.65.**

HAZEL NUTS (or American Filberts)

Will grow in almost any location, do not require a rich soil, but prefer moist land, like along streams, but will do well on almost any soil. The nuts are formed in clusters enclosed in a thin husk, the nut is round, the meats are tender and sweet, fine flavor. Grows about six feet high. Very ornamental. **Price, 2 year, 3 feet high, 59c; 3 for \$1.65.**

ENGLISH FILBERTS

Easy to grow, perfectly hardy, succeeds on almost any soil. The Filbert is a very satisfactory and profitable shrub to grow, it is ornamental and fast growing, bears early and abundantly, nuts of sweet, rich flavor, larger than Hazelnuts. **Two year bush, about 3 feet high, each 59c; 3 for \$1.65.**

BARGAIN — NUT TREE COLLECTION

One Jap Walnut
One Black Walnut
One Butternut

One Hazel Nut
One English Filberts
5 TREES, \$2.87

TEN DAHLIA ARISTOCRATS \$3.73

Select varieties of the high class usually priced at 75c to \$1.00 each. **Our special price 39c each for 5 or more; one for 45c.**

Start now with these superior large Dahlias. Save your bulbs next fall, they will double in value. Have a dahlia garden that you will be proud of.

Amun Ra or The Sun God. Amun Ra is wonderfully distinct in color and formation; while a giant in size, is without coarseness, being perfect in shape. The outer petals of the mammoth flowers are of gorgeous copper and orange tones, shading to gold and amber, deepening in the centre to a dark reddish brown, the effect being that of a summer sunset.

Pride of California. A brilliant, glowing cardinal-red, of good size, very free and wonderful keeper as a cut flower, the best of its color.

Bashful Giant. Apricot with golden shadings. One of the largest Dahlias produced, excellent for exhibition purpose. Flowers produced on strong stems.

Mrs. I de Ver Warner. A wonderful Dahlia that has justly gained a great reputation, produces great masses of large absolutely perfect flowers under all conditions. In color it is of that refined pleasing mauve-pink that is usually referred to as an orchid coloring and which everyone loves. It comes into flower early and continues in good shape to the end of the season.

Jersey's Beauty. Probably the most talked of dahlia during the past seasons. It is still in a class by itself. A perfect bloom of erosine pink, carried high above the foliage on a long, wiry stem. A perfect true pink. Wonderful keeper when cut, therefore good as an exhibition variety.

Jack Rose. Bright carmine-red over-laid violet, resembling the color of the rose of the same name.

Trentonian. A giant Decorative of outstanding merit of a distinct and appealing color, a wonderful shading of old gold, amber and coppery bronze, with a centre of reddish bronze, forming a flower of marvelous brilliancy.

CACTUS

California Enchantress. Of perfect cactus type, broad and deep, with many semi-quilled petals. Its basic color is pale shell pink, with an alluring golden halo circling the tight-bunched center of violet rose.

George Walters (Hybrid Cactus). One of the most popular large flowered Californians, producing its blooms very freely on long stiff stems, of a pleasing salmon with shrimp-pink shadings; a fine garden variety and good cut flower.

J. H. Jackson. A perfect gorgeous deep, velvety, blackish maroon. Gigantic in size. Every Dahlia lover should grow this variety Cactus Dahlia.

BEST APPLE TREES

TWO YEARS OLD, 4 TO 5 FEET HIGH, 29c IN LOTS OF 10

Plant an orchard at small cost. 7 Favorites. Pick them out to suit yourself. 39c for One; 10 for \$2.90.

Delicious (Winter)—Dark red fruit of highest quality and flavor.

Cortland Red (New Fall-Winter Apple)—Quality equals McIntosh, ripe in October; bears in 3 years, grows rapidly.

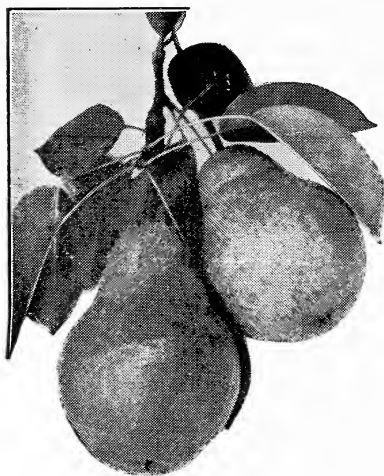

Jonathan (Winter)—The most popular commercial red apple. Flavor excellent.

McIntosh Red (Fall and Winter)—A very hardy tree. Finest flavor. A Money Maker.

Early Harvest (Summer)—Well known for its quality for pies and eating. Ripens in July.

Yellow Transparent (Summer)—The best. Ripens early; ships and sells well. Finest quality.

Hyslop Red Crab Apple—Large, deep crimson, bears full; ornamental and valuable; best for jelly; bears in two years.

Bartlett Pear

PEARS

Bartlett—The best summer pear grown, sweet and rich. Ripe in August. Large, buttery, juicy, high-flavored, great bearer; very popular both for eating out of the hand and for canning. **Best Quality, Two Year Trees, 4-5 Feet High, 48c each; 3 for \$1.37.**

SPECIAL BARGAIN—One Year Bartlett, 2 to 3 ft., 29c; 4 for 95c.

DOUGLAS NEW PEAR 59c
Blight Proof - - -

A big yellow beauty with pink cheeks, flavor deliciously sweet, but more piquant than Bartlett. As rugged as the Kieffer, blight-proof and frost-proof. A sure cropper. Now sold at moderate price. 2 yr. trees, 4 ft. high, 59c; 3 for \$1.59.

MEDIUM SIZE PEACH TREES 19c

19c each; 10 for \$1.79

Thrifty trees, $\frac{5}{8}$ to $\frac{7}{8}$ Diameter, 3 feet high. Experienced growers prefer this size. Every tree sure to grow and begin bearing young. We offer five of the best varieties we know of.

Elberta—Large, yellow, with red cheek; flesh yellow, firm, juicy, of high quality. Exceedingly prolific, sure bearer and hardy. The leading market variety.

Rochester—The fruit is large, yellow, sweet, juicy and of delicious flavor; keeping and shipping well; skin prettily blushed. Tree is strong growing and hardy, an annual and prolific cropper, ripening about August 10. (See back cover).

Champion—A large, beautiful peach, sweet and delicious. A white peach with red and yellow tints. Very hardy, will endure cold climates. Ripens early.

South Haven—We are having a big demand for the South Haven Peach. A large extra early, yellow peach. Excellent flavor. Grows fast, bears young, making big profits for growers.

J. H. Hale—This is nearly a perfect variety. Freestone. Smooth, firm skin. Will reach market in fine shape. Ripens ten days earlier than Elberta. Flesh rich yellow; finest flavor. Bears young, heavy yielder, hardy.

COMPAS CHERRY-PLUM

A Most Wonderful and Valuable Fruit Tree for 29c

Bears in one year after setting. Heavy sales of this wonderful fruit tree last season proves its popularity.

A cross between the plum and cherry produced this valuable variety. The fruit is large, of dark red color, juicy and of delicious flavor. It is larger than any other variety of cherry. It is shaped like a plum when green, becoming almost perfectly round when ripe.

An excellent fruit to eat fresh, and splendid for canning. It is sure to bear every year, always bearing a heavy crop. Bears when one year old, sometimes it is loaded with blossoms in the nursery row. A very thrifty grower, making 3 feet of growth on each branch the

first summer. The Compas is a success in all parts of the country, will bear a crop in the most arid Western states where other fruit is a failure. Everyone should plant one or more of this valuable variety. The price is no higher than common cherry or plum trees. 3 ft. trees, 29c each; 4 for 97c.

SMALL CHERRY TREES AT BARGAIN PRICES

SOUR CHERRIES

2 to 3 Ft., 29c; 10 for \$2.69.

Early Richmond—Heavy yielding, early, hardy, good to can.

English Morello—Large, dark red, rich and meaty; looks and tastes fine when canned.

Montmorency—Late red, excellent canner; the flesh is firm and thick.

SWEET CHERRIES

3 Ft. Trees, 37c; 3 for 97c

We have a nice stock of the two best varieties of sweet cherry trees.

A sweet cherry tree planted alone will not bear as well as when planted in pairs. We advise planting a Black Tartarian with any other sweet variety.

Black Tartarian (Sweet)—The most popular sweet cherry. Thick, tender, meaty; fruit of pleasant flavor. A good bearer; large upright growing tree. 37c; 3 for 97c.

Napoleon (Yellow, Sweet)—The best yellow cherry; very large heart-shaped fruit. Bears young. A beautiful and delicious fruit when canned. 37c; 3 for 97c.

4 BEST VARIETIES PLUMS 27c EACH

GOOD THRIFTY TREES, 3 FEET HIGH, 4 FOR 97c

German Prune—Large, dark purple, sweet. One of the best for canning. Excellent for drying. Plant a few trees and dry your own for winter use. Ripens in September.

Burbank—An extra large, round plum; cherry red skin, deep yellow flesh, sweet and meaty. Will bear when two years old.

Waneta—Best of the Hansen hybrids; bears heavily every year. Fruit two inches in diameter; dark red skin; rich, yellow flesh of delightful flavor.

Imperial Gage—Large pale green, juicy, sweet, rich and excellent.

NECTARINES

This is a delicious, smooth-skin fruit, much resembling the Peach, of which it is only a distinct variety. They are budded on the Peach stock, and sold at the age of one year, being then from three to four feet in height. They have a very sprightly and delicious quality, and their exquisite, wax-like appearance makes them highly popular as a dessert fruit. Also is much superior to the peach as a dryer and makes excellent preserves. 39c; 3 for 95c.

APRICOTS

Superb—A splendid hardy variety of the best flavor. One of the best producers. Fruit medium size, color pinkish. You can grow this apricot almost anywhere. 3 ft., 33c; 3 for 89c.

L. C. Casler, Paw Paw, Michigan

GRAPES

Big, Two Year Vines

Most easy fruit to grow, will bear in two years. Everyone who has a few feet of space should plant grape vines. They may be planted along fence rows and out of the way corners. They will add beauty to your grounds and soon bear bushels of clusters of sweet, healthful fruit for the family. It requires but a few grape vines to make a lovely shady arbor.

There is big profit in growing grapes on a large scale.

Note my low prices for best quality two year vines.

Concord—Large clusters; dark blue fruit, of excellent flavor. The best grape to plant for a commercial vineyard. The Concord is in great demand for sweet juice and wine. Price, 5 for 50c; 12 for \$1.00; 100 for \$6.00.

Niagara—The best white grape; fruit larger than Concord and sweeter; the best table grape. Keeps well after picking. Price, 3 for 50c; 12 for \$1.50; 100 for \$8.00.

Worden—A big black, early grape, very sweet, pleasant flavor. A heavy yielder, bears in two years. Price, 3 for 50c; 12 for \$1.50; 100 for \$8.00.

Moore's Early—Best early commercial grape; of excellent quality. Ripens two weeks earlier than Concord. Blue black. Price, 3 for 50c; 12 for \$1.50; 100 for \$8.00.

Delaware (Red)—The quality of this variety is considered the finest grown in the grape belt. The clusters and berries are small but very compact. Flavor deliciously sweet and spicy. Price, each, 25c; 3 for 60c; 12 for \$2.00; 100 for \$15.00.

SPECIAL HOME VINEYARD—10 VINES

Two vines of each of the above varieties, worth \$2.00, will be sent to you for \$1.19.

HOME OWNER'S FRUIT ORCHARD

12 TREES 3 FT. HIGH—BEST VARIETIES—\$2.67

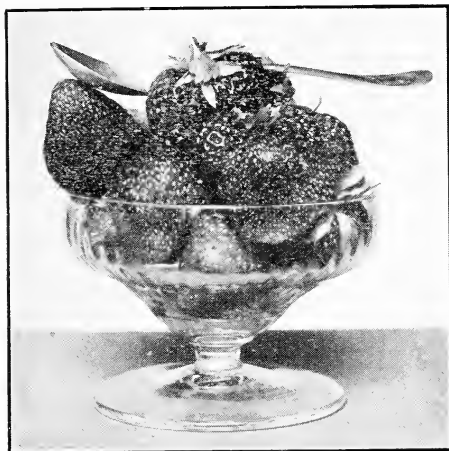

This orchard will supply fruit for the family and some to sell. The trees are all good healthy stock of medium size, the best size to plant. Every tree sure to grow; they will bear as soon as trees sold at high prices.

- One Large Montmorency Cherry, sure cropper
- One Black Tartarian Sweet Cherry, grows fast.
- One Yellow Sweet Cherry, Napoleon, large and meaty.
- One Yellow Transparent Apple, bears in two years.
- One Red Delicious Apple, Winter; bears very young.
- One Bartlett Pear, sweet and very juicy, vigorous.
- One Compas Cherry-Plum, bears in two years.
- One Superb Apricot, finest grown.
- One Burbank Plum, hardy and almost worm-proof.
- One Imperial Gage Plum, green color, meltingly sweet.
- One Elberta Peach, big, yellow, heavy yielder.
- One J. H. Hale Peach, finest yellow, red cheek.

**PICK OUT ANY SIX TREES,
YOUR CHOICE FOR \$1.67**

STRAWBERRY PLANTS

Strawberry orders will be filled with fresh dug plants. We begin filling orders as early as weather conditions will permit (about March 20th). They are not usually sent with other nursery stock, as they require special methods of packing. Please order early.

PREMIER

Every grower and nurseryman is praising the Premier. It is doubtless the best early strawberry. The fruit is of superior quality. The plant is a vigorous grower. The blossom is perfect. It will stand frosts that ruin other varieties and come through with a good crop. It outyields any other early variety. The berry is beautiful deep red. A good shipper. **50 plants for 65c; 100 for \$1.25; 500 for \$7.75; 1,000 for \$8.50.**

GIBSON (Per.)

One of the best mid-season varieties. A money maker for the market grower. Large, beautiful dark red berry. Heavy bearer with a long season. One of the best canning berries. A high quality table berry. **50 plants for 65c; 100 for \$1.25; 500 for \$4.00; 1,000 for \$7.00.**

MASTODON EVERBEARING

Mastodon Everbearing—The big berry and big yielder. In about ninety days after you set your patch it will produce a big crop of the finest everbearing strawberries you ever ate. It is a wonderful sight to see a patch of Mastodon in August and September, to see the loads of big, ripe, sweet, red berries, ready to go into a delicious shortcake.

The Mastodon is by far the heaviest yielding everbearing variety yet introduced. A patch of Mastodon would be a sure money maker for its owner, as there is always ready sale at high prices. The big, fancy berries are sometimes five inches in circumference. The flavor is excellent. They bear heavily in June as well as in August and September. Are not injured by frosts that would ruin other varieties. Order some plants at once and get started with this wonderful variety. **Price, heavy rooted plants, 50 for \$1.00; 100 for \$1.95; \$14.75 per 1,000.**

NEW RED GOLD STRAWBERRY

A new variety which is receiving so much praise that I wish my customers to try it. Its chief distinction is the flavor which is like the wild strawberry when well ripened.

The Red Gold has passed through dry and frosty season and made a wonderful crop. The color is a glossy, rich red. The berries are extremely large, the stems long and stiff, holding the fruit up from the ground, making picking easy, and keeping the berries clean.

There have been some enormous yields reported from Red Gold patches. Red Gold plants are still somewhat scarce. I cannot be sure that I can fill late orders.

Price, 25 plants 50c; 100 for \$1.60; 500 for \$7.50.

SPECIAL—I am giving 25 Red Gold Plants **FREE** with an order of 100 Mastodon for **\$1.95.**

VICTORY THE NEW RED RASPBERRY

Plant this variety and be sure of a crop of delicious fruit. Regardless of your soil or climate Victory will succeed as it adapts itself to almost any condition and bears big loads of berries of the finest quality.

It is reported that over nine quarts of berries have been produced by one bush during the season. This is a big statement, but it indicates that the Victory is a big yielder.

The Victory raspberry was originated in Northern Michigan and has withstood 30 degrees below zero without the slightest injury.

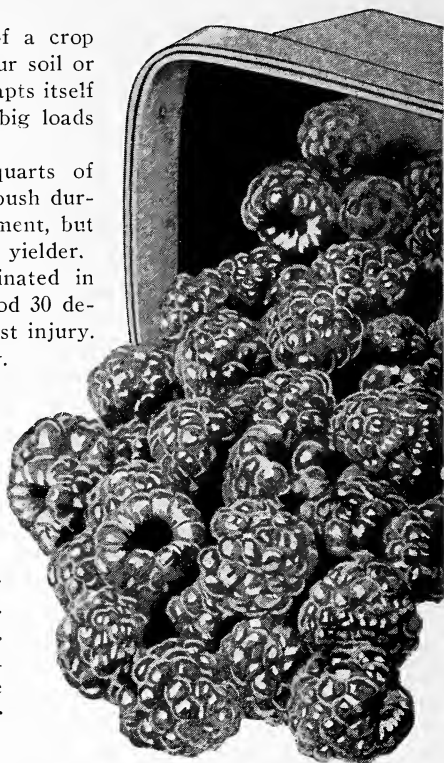

It is a large, firm, rich, red berry.

Price, 12 plants 50c; 25 for 79c; 100 for \$2.38; \$17.50 per 1,000.

BLACKBERRIES

ELDORADO

A wonderful blackberry for Northern climates, being extremely hardy. A vigorous grower and big yielder. Berries very sweet and delicious. A profitable variety to plant. Large plants from root cuttings. **12 for 50c; 25 for 79c; 100 for \$2.38.**

LUCRETIA DEWBERRIES (Or Trailing Blackberry)

The largest and sweetest of all berries, a heavy and sure bearer. Thrives on light soil. May be trellised to a wire or allowed to run on the ground. It is more easily cultivated if tied up, although the berries are just as nice if run on the ground in its natural way.

A single vine will produce several quarts of fruit. Fine to eat fresh, also excellent for canning or for jam. Will bear in one year. **12 for 50c; 25 for 79c; 100 for \$2.38.**

LATHAM RED RASPBERRY

A new variety from Minnesota, extremely hardy; biggest yielder of all reds. Growers averaging \$1,000 per acre. Best quality, large, firm, brilliant red. Disease-proof. The plants sell at a higher price than common varieties, but they are well worth the extra cost. Get started at once with this wonderful Red Raspberry. **Price, 12 for 60c; 25 for 95c; 100 for \$2.95; 1,000 for \$26.75. (Price on envelope an error).**

CUMBERLAND BLACK RASPBERRY

Most popular blackcap. Very hardy and a big yielder. Berries jet black, firm and finest quality. A profitable berry for the market. **Price, 12 for 50c; 25 for 79c; 100 for \$2.38; 1,000 for \$17.50.**

TEN NAMED GLADIOLI

Select Varieties

100 BULBS (10 of each) \$2.95

Why are "glads" so popular? Because they are the most colorful and beautiful for cut flowers and the most ornamental for garden planting and bedding, adding a touch of taste and refinement to the home surroundings.

The blooming season extends over a long period. Culture is simple and easy as they adapt themselves to almost any condition.

The purchase of Glad Bulbs is a good investment, they increase in number and value from year to year.

There are hundreds of varieties—they are every one beautiful—but we cannot have them all. We have selected ten very choice varieties for this offer, covering almost every shade of color in Red, Pink, Purple and Yellow. Purchasers of these varieties will be delighted with the flowers.

Be sure and keep your bulbs next fall as these are valuable varieties, never before offered at this low price. They are large bulbs, over 1¼ inches in diameter, every one will bloom profusely this summer.

Pick them out, your choice, each	5c
Five bulbs, one each variety for	20c
Ten bulbs (one of each) for	35c
Fifty bulbs (5 of each) for	\$1.65

SPECIAL—100 BULBS (10 of each) \$2.95

Each variety labelled.

Mrs. Francis King: Immense size flowers, brilliant scarlet-salmon, lower petals touched with carmine, borne on giant size spikes.

Crimson Glow: A perfect, very large, deep scarlet-crimson flower, on tall strong spikes.

Joe Coleman: A large and unusually attractive flower, bright spectrum-red with carmine blotch, ruffled.

Scarlet Princes (Virginia): Iridescent color shifting in sun or shade from shining scarlet to raspberry-red. Ideal shape, the partially open buds resembling long rose buds.

Jewel: Blush and peach-pink over cream, two of lower petals canary yellow with slight crimson feathering.

Souvenir: Clearest, deepest yellow found in glads; of abnormal class size (Prim), the finest yellow to bloom. A solid sunflower shade, unfading.

Anna Eberius: Truly a beauty, and a prize winner. A rich, velvety, pansy-purple, throat shading deeper. Large flower on long, strong spikes.

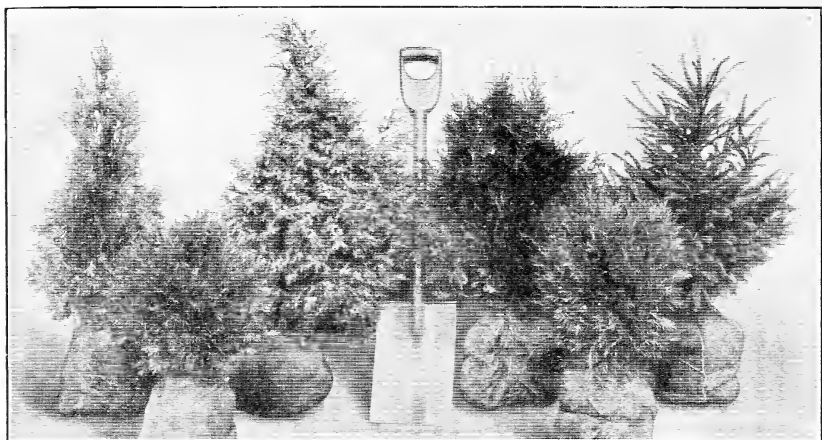

Baron Hulot (Blue King): A fine blue flower, it is a rich Royal Blue with tiny fleck of yellow in throat. Combines beautifully with yellow as cut flower.

E. J. Shaylor: Large flowers, beautifully ruffled; deep rose-pink with crimson feathering at the throat and pretty mottlings at margins.

Pink Wonder: A flower of marvelous beauty, immense blooms, splendid texture of a lovely La France pink shading lighter in throat.

53 BIG GLADIOLUS BULBS 95c
ALL COLORS MIXED

BIG BARGAIN MIXTURE containing valuable varieties including those described above and many others would cost twice as much if labelled. All big bulbs of fine quality. **100 for \$1.69.**

Evergreens—Ball and Burlapped for Shipping

BARGAINS IN QUALITY EVERGREENS

Prices include ball and burlap. Trees of this grade must be shipped with a ball of earth on the roots, the burlap keeps the tree in good shape for weeks, making shipment by freight safe and cheap. We ship eastern orders from our grower in the east at quite a saving.

ARBOR VITAE, American. A shapely tree, soft, bright green foliage. Can be trimmed to make a hedge if desired. 18-24 in., \$1.10; 2½-3 ft., \$1.50.

PYRAMIDALIS ARBOR VITAE. Makes a compact growth in slender columnar form, a beautiful, picturesque evergreen. 18-24 in., \$1.80; 2½-3 ft., \$2.70.

GLOBE ARBOR VITAE. Forms a dense, low, globe shape. Used with other evergreens as a foreground or at driveway. 12-15 in., \$1.00 15-18 in., \$1.50.

GOLDEN ARBOR VITAE. (Douglas) Makes a broad, bushy, growth, slender branches, bright yellow foliage, beautiful contrast against green. 18-24 in., \$2.50; 2½-3 ft., \$3.90.

DOUGLAS FIR. A desirable tree for lawn. A thick conical form, spreading, drooping branches with bright, green foliage. 18-24 in., \$2.00; 2½-3 ft., \$2.95.

WHITE FIR. (Concolor) A fine specimen evergreen, a very picturesque species. Long leathery leaves, with glaucous tinge, later changing to light green. Broad tapering form. 12-18 in., \$2.90; 18-24 in., \$3.75.

RED CEDAR. (Virginia) A popular American evergreen, usually makes a formal conical growth, a tall fine tree, foliage fine and dense. 18-24 in., \$1.40; 2½-3 ft., \$2.00.

IRISH JUNIPER. A beautiful little sage-green tree of slender growth, becoming compact and formal. Very ornamental. 18-24 in., \$1.40; 2½-3 ft., \$2.50.

AUSTRIAN PINE. A massive dark colored rich green pine. New spring growth forms little tufts of light green, giving the appearance of little candles among the dense branches. Allow plenty of room to grow and spread. 18-24 in., \$1.80; 2½-3 ft., \$2.90.

MUGHO PINE. Dwarf, for foundation planting, or for foreground. Color rich, dark green. Thick tufts of foliage cover the branches, of wide spreading habit. 12-15 in., \$1.80; 18-24 in., \$3.40.

NORWAY SPRUCE. An elegant tree of tall growth, much desired for Christmas Trees, fine for hedge or wind break. The young trees are especially attractive when spring growth makes a silvery blue contrast against rich green. 18-24 in., \$1.20; 2½-3 ft., \$1.80.

COLORADO BLUE SPRUCE. One of the showiest and most beautiful evergreens. The shining blue foliage is unsurpassed except by the expensive Koster variety. 18-24 in., \$4.50; 2½-3 ft., \$7.50.

4 BABY EVERGREENS for the ROCK GARDEN, \$1.00

Four CHOICE VARIETIES four years old, twice transplanted. Strong, stocky trees with bushy roots. Plant in your rock garden or flower garden, leave one or two years, then move to any place desired, soon grow into valuable specimens.

ONE COLORADO BLUE SPRUCE, 8-12 IN.; ONE NORWAY SPRUCE, 12-15 IN.; ONE MUGHO PINE, 6-8 IN.; ONE AUSTRIAN PINE, 8-12 IN.

ALL FOR \$1.00 OR 35c EACH.
